*Find the taco stand at the edge of the woods
Follow the path there, deep into the forest
Live like a hermit, surviving on stolen candy
Hidden and forgotten*

A Horse Haiku

A horse of this size
Is bound to find some trouble
I still love this horse

Stardust Haiku

I want to go back
To being stardust, floating
Quietly in space

If We Are All

If we are all made
In the image of god
Then we all god
If we are all god
Then we are all the universe
If we are all the universe
Then we are all one
If we are all one
Then anything we do to each other
We do to ourselves

DANGER

EXPLOSION RISK

Lost Friendship Tanka

It was only a matter of time before you
Pointed that anger
In my direction, but now
The explosion is over

Billionaire Nannies

Billionaire Nannies

Create global problems

Then congratulate themselves

When they half-ass fix them

Get rich through polluting industry

Then cry

What will be done about this pollution?

Get rich off the backs of others

Through centuries of slavery and indentured servitude

Then cry

What will we do about this inequality?

Raise families and maintain the stronghold on their legacy

Using the free labor and birthed sons of captured wives

Then cry

Why aren't women succeeding?

See people only as objects of desire

That they are entitled to whenever their whims strike them

Then cry

What are we going to do about this sexual violence?

Create rigid systems that crush anyone who dares try to get ahead

Then cry

What are we going to do to fix this institutional oppression?

Clutch tightly to the wealth

Obtained through exploiting the labor and resources of others

Then cry

What is to be done about income equality?

Make unjust rules that always go in their favor

Then cry

What can be done about injustice?

Billionaire nannies

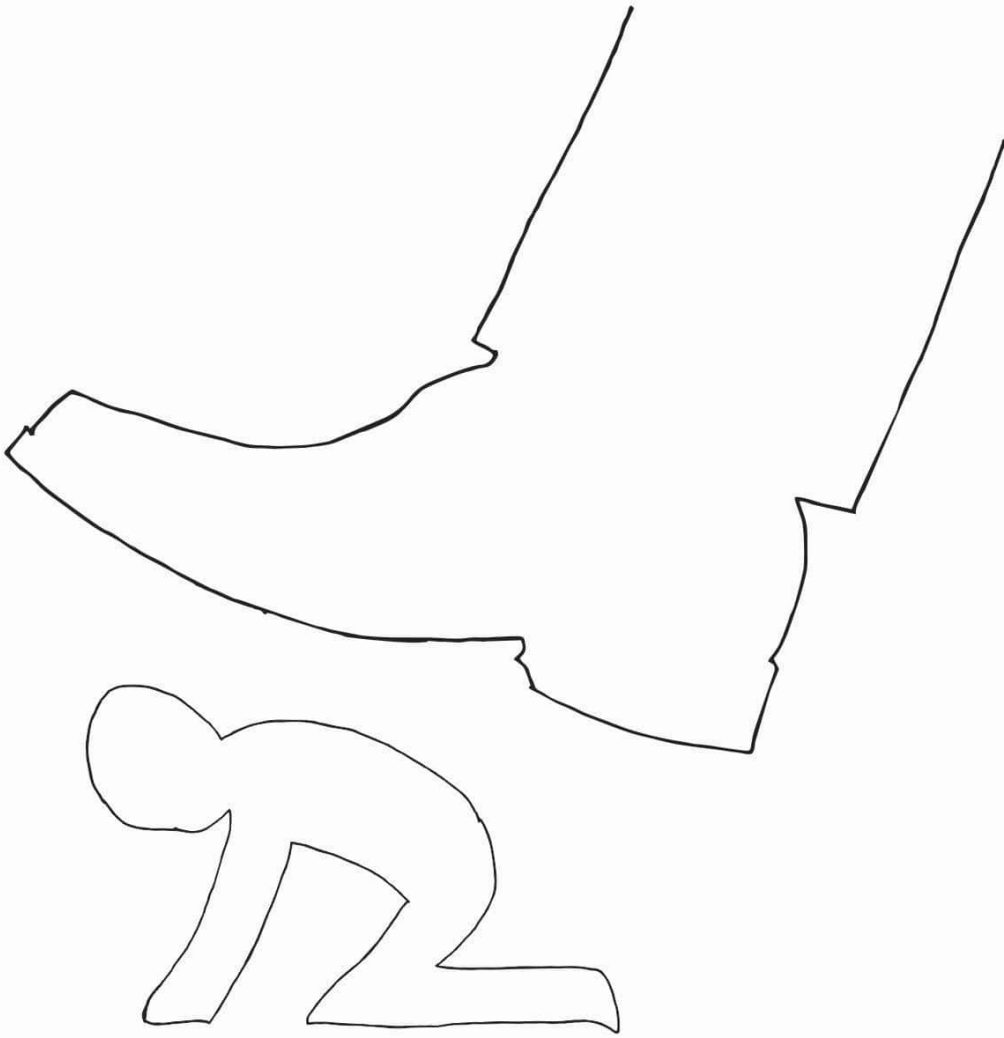

Create global problems

Then congratulate themselves

When they half-ass fix them

Careful to always main the status quo

Cry that they can't change the rules that they themselves made up

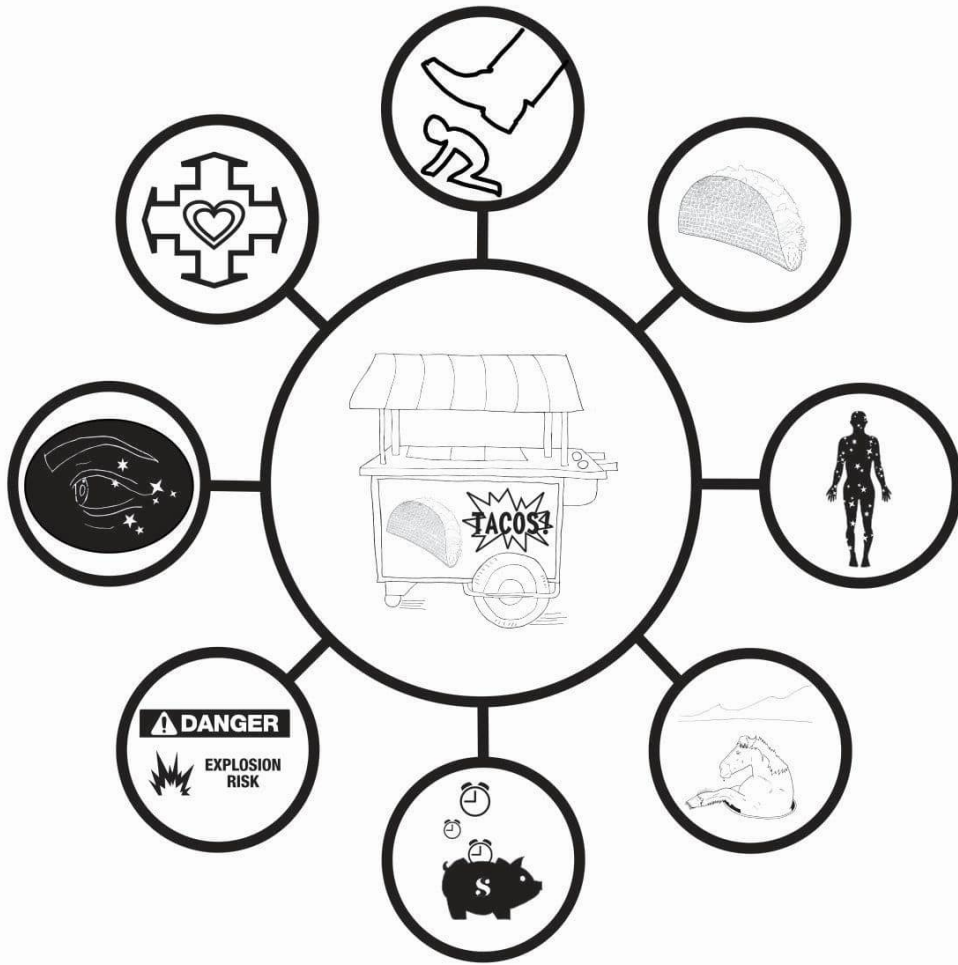

Supremacy Haiku

You are not better
You created a world built
Only to serve you

Trending

Marketing
Pushing trends
It is pornography
Stimulate beyond capacity
Titillate until raw
Until it burns
Until they can't fucking stand to look at it anymore
Then move on to the next "trend"
Find something that people love because it is honest, real, and authentic
Commodify it
Repackage it to be
"Honest"
"Real"
"Authentic"
Shove it down their throats until they puke
And ask for the next thing

Time Saving Money Hacks

When I have enough time
I don't have enough money
When I have enough money
I don't have enough time
