KATHERINE MONTALTO.COM

a shallow puddle  
lost in a sinkhole  
now six feet under water

Artemis  
crater

forty thousand miles  
from earth to the moon  
seeds real time information

Artemis

myopic

up close it is clear  
distant objects appear blurry  
light is misguided

quantum

minimum amount  
a single quantum of light  
discrete energy

seed ship

ghosts on a spaceship  
tiny packages of life  
who is left to tend

Faraday cage

block radio waves  
better than a tinfoil hat  
protective current
