

penalty
missed by a minute
from a dollar to fifty
pay the parking fine

midnight
the magic hour
between the start and ending
when all change happens

Summer Solstice
just as it begins
time shifts the other way round
longest to shortest

awake
roll over in bed
create another
alive one path but

sleep paralysis
a creeping horror
too terrible to describe
lurking near the bed

the curse of existence
a ball of stardust
taken from the void

wall
bricks stacked together
trapping in and keeping out
for thousands of years

sorry
yes you are sorry
you're the sorriest sorry
to ever sorry

failure
what is it to fail
as a tiny speck of dust
drifting aimlessly

sigh
exhale, long deep breath
from weariness or relief?
in and out again

Winter Solstice
just as it begins
time shifts the other way round
shortest to longest

new moon
the first lunar phase
rises and sets with the sun
hidden in darkness

northern lights
dynamic patterns
aurora borealis
the magnetosphere

whale song
acoustic network
low frequency messages
move through the ocean

generations
arbitrary dates
where are you in the time span
a further divide

heron
sitting motionless
a flitter under water
beak used as a spear
