

awake
roll over in bed
alleviate one pain but
create another

Winter Solstice
just as it begins
time shifts the other way round
shortest to longest

generations
arbitrary dates
where are you in the time span
a further divide

midnight
the magic hour
between the start and ending
when all change happens

sorry
yes you are sorry
you're the sorriest sorry
to ever sorry

sleep paralysis
a creeping horror
too terrible to describe
lurking near the bed

Summer Solstice
just as it begins
time shifts the other way round
longest to shortest

wall
pricks stacked together
trapping in and keeping out
for thousands of years

sigh
exhale long deep breath
from weariness or relief
in and out again

failure
what is it to fail
as a tiny speck of dust
drifting aimlessly

the curse of existence
a ball of stardust
taken from the void
a sentient bag of meat

new moon
the first lunar phase
rises and sets with the sun
hidden in darkness
